Professional summary

Junior Software Engineer with 2 years of experience in frontend development for web and mobile applications. Proficient in Flutter, React, and Vue, with a strong ability to build scalable and user-friendly solutions. Successfully contributed to a project for one of Indonesia's major banks (BPRU), delivering UI slicing with 90% accuracy to Figma designs. Strong communication skills and adaptability to new environments and technologies. Detail-oriented, quality-focused, and efficient in software development. Looking for opportunities to contribute and grow in a dynamic tech environment.

Education

UNIVERSITAS TERBUKA   Indonesia
Bachelor of Information Systems   2025 - Present
Studying Information Systems with a focus on various relevant courses.

SMK TUNAS MEDIA   Indonesia
Vocational High School Diploma Software Engineering   2019 - 2022
Studied Software Engineering with relevant courses including Algorithm, Data Structure, and Programming.

Experience

CORE INITIATIVE STUDIO   Indonesia
Mobile Developer   Jan 2024 - Present

- Translated Figma designs into pixel-perfect UI with 90% accuracy across multiple mobile projects.
- Developed and maintained mobile applications, handling both UI slicing and backend API integration.
- Implemented state management using BLoC for efficient data handling and app performance.
- Independently developed and deployed applications, serving as the sole programmer on multiple projects.
- Assisted in publishing applications to the Play Store and collaborated with project managers for a smooth deployment process.
- Improved and debugged existing mobile applications, ensuring stability and feature enhancements.

Front-End Web Developer   Sep 2022 - Present

- Developed and maintained various features for the company's web applications, primarily using Vue.js.
- Built and maintained the company profile website using React.
- Created new features with 90% accuracy in meeting user requirements.
- Improved and optimized existing features for better performance and user experience.
- Identified and fixed critical bugs, ensuring 100% functionality and stability in key features.
